GATE CITY ORNAMENTAL NURSERY

MONROE ROBBINS, Owner

GREENSBORO, NORTH CAROLINA

To our old customers:

We thank you for the business which you have given us in the past, and assure you that in the future we will do all in our power to merit a continuance of your valued patronage.

To those who do not know us we wish to say we believe after one trial you will become our regular customer.

With twenty years' experience we feel safe to say we know how to collect, handle and pack in the most satisfactory manner.

We are collectors. Not growers. Therefore we only offer collected stock. We handle only the best, as culls are expensive at any price.

It sometimes happens that we are unable to supply certain items which we have listed for reasons beyond our control. For instance, forest fires, weather conditions, real estate deals, etc. We mention this fact in order that our customers will help us bear our disappointments.

We will always do our very best to faithfully carry out our obligations.

Terms are cash or reference from parties unknown to us before shipment.

We ship C. O. D. in case neither cash nor reference accompanies order.

Always be sure to give shipping instructions unless you wish to leave it to us. We use our best judgment but assume no obligation.

A certificate of inspection accompanies every shipment.

Most all shipments are made direct from the mountains of North Carolina where collecting is done.

We list only a few special items. There are many other Trees, Plants, Bulbs and Perennials that we can do, and will be glad to give any information concerning items not listed.

We would request all Bulb orders as early as possible before digging time. This gives us time to have them located and everything lined up so as to give prompt and better service.

We can furnish good cut-back grubs for growing stock in Rhododendrons, Kalmias, Azaleas and Leucothoe Catesbaei.

These prices are for well rooted and protected collected stock.

RHODODENDRON MAXIMUM:

	Per 10	Per 100	Per 1000
4-8 in.		\$ 6.00	\$ 35.00
